For The Love Of Sailing

After three weeks of sailing total, David is now racing in Quebec for the Club!

- Sailing School Instructor

Last summer, the Nepean Sailing School had the joy of having David Mincoff join the staff group as an After Sail employee.

As the summer progressed, he started to hang around the school and decided he wanted to start sailing as well.

Not having ever sailed before, David started off in the pilot program of the Get Up To Speed class which aims to get teens into sailing. He loved it so much, he wanted to continue his sailors journey in the next available session. David

joined the two week CANSail 2 program and passed with flying colours!

Since then, David has become a member of the Nepean Sailing Club, he has purchased his own Hobie Catamaran, and he is currently excelling in the eight week CANSail 3/4 program! He is also representing the Sailing School at this year's FruitBowl regatta!

Racing

The NSC Race Team recently travelled to Sarnia, Ontario for the annual Sailfest Regatta. Both Natalie Tanczak and Camden Sutherland, our representative sailors, participated in the Friday training day as well as the weekend regatta. Natalie Tanczak arrived in Sarnia on Tuesday, June 30th, in order to train alongside the Ontario Sailing Team.

The NSC racers found themselves fighting the strong current and shifty wind conditions throughout the six races they completed. Natalie finished

6th overall and won an award for Top Female, while Camden finished 11th overall, both out of 32 boats!

On Tuesday, July 14th, NSC began a week long Ottawa River Training Camp, with racers from NSC, BYC, GRYC, and EVO! Through the fantastic organization by the NSC race coaches, we had an impressive 20 boats show up for the week long training program! With guest coaching from a former olympian, Shona Moss, all of the racers got a great experience out of

their week long training camp!

The NSC race team is currently spending the week in Hudson for the FruitBowl regatta. NSC has sent two race teams, three coaches, and several of our CANSail 3/4 sailors for a total of 19 sailors! In addition, we could not have made fruit bowl possible without the help of many parent volunteers to help represent NSC at this great event! We wish them the best of luck and a big thank you to all who helped make this possible!

Able Sail

Many of our Able Sail beginner and intermediate programs have been successfully completed, producing a new set of sailors ready for the water. We look forward to receiving our new Able sail coach boat next month

This weekend NSC is hosting the 2.4 North American Championships! With a total of 15 boats, 2 of which are from NSC, and others from across Canada and the United States! With sailors who have participated in both the Olympics and Paralympics, it is sure to be a fantastic race weekend! In addition to the NAC's, our Martin 16 team will be heading to Montreal for the annual Coupe de Quebec regatta!

Parent Sail

With a ton of help from Advantage Boating, we are able to offer our Parent Sail day's on the last Friday of each session! This day gives parents an opportunity to sail on a keelboat and watch their children sail out on the water! We aim to spread the joys of sailing to the entire family.

Stats

We are proud to announce the sailing school's registration for the 2015 summer sailing season is well over 90% full!
